

GUIDO FREIRE

linkedin.com/in/freireguido github.com/freire-guido
freireguidoi@gmail.com Buenos Aires, Argentina

EDUCATION

Universidad de Buenos Aires, Buenos Aires, Argentina 2020–2024
Licenciatura (MSc.) in Data Science. Graduated with “medalla de oro” (*cum laude*).

Universidad de Buenos Aires, Buenos Aires, Argentina 2020–2022
Bachiller Universitario (BSc.) in Data Science. First cohort.

RESEARCH EXPERIENCE

Cambridge Artificial Intelligence Safety Hub, Cambridge, United Kingdom 2026–present
MARS 4.0 Scholar. Evaluating red-team elicitation techniques for AI Control with frontier models.

Institute of Computing Sciences, UBA, Buenos Aires, Argentina 2025
AI Safety Research Fellow. Funded by Coefficient Giving to research safe deployment protocols of medical LLMs.

Institute of Physiology, Biology and Neurosciences, UBA, Buenos Aires, Argentina 2024
Research Assistant. Supported by APOLO Biotech to research variational autoencoder (VAE) architectures for RNA biomarker detection.

TEACHING EXPERIENCE

Facilitator, Buenos Aires Safety Hub 2026
Technical AI Safety Research Course (funded by BlueDot Impact)

Teaching Assistant, Department of Mathematics, UBA 2024
Differential Equations (2nd semester)
Vector Calculus (1st semester)

Teaching Assistant, Department of Computing Sciences, UBA 2023
Computational Linear Algebra (2nd semester)

Wikipedia Contributor 2016
Focused on reducing the English-Spanish resource gap. Over 1,000 contributions in mathematics articles.

INDUSTRY EXPERIENCE

ZS Associates 2024–2025
Business Technology Solutions Associate. Enabled machine learning models at companies like J&J, Pfizer and AstraZeneca to access quality clinical trial information on the cloud.

Ministry of Science and Technology 2022
Intern Data Scientist, data visualization. Created dashboards to track high school dropout rates across the country to inform decision taking and policy making.

PUBLICATIONS

DDIBench: a Multi-step Medical AI Control Setting.
Under review.

Poster: *Benchmarking Safe Deployment Protocols for Medical Question-Answering*.
Principled Design for Trustworthy AI, ICLR 2026 Workshop.

Poster: *Optimal Transport for Batch Correction in multi-source RNA-Seq datasets*.

Spring School for Deep Learning, 2025.

Thesis: *Deep Learning for Genetic Biomarker Identification in Soybean Using Open RNA-Seq Data*.

Universidad de Buenos Aires, 2024.

Organising Staff: XXI Latin Ibero-American Conference on Operations Research, 2022.

AWARDS & CERTIFICATIONS

BlueDot Impact AGI Strategy, 2025.

Introduction to Clinical Research and Drug Development Process, University of Chicago, 2025

AWS Certified Cloud Practitioner, 2025.

Astronomer Certification for Apache Airflow, 2024.

CHUO International Education Forum Scholarship. Morioka, Japan, 2018.

Gold Medal, Argentine Mathematics Olympiad, 2016.

OTHER INFORMATION

Languages: Spanish (Native), English (C2), German (B2).

Nationalities: Argentine, German.

Interests: Piano, trumpet, french horn, simracing, certified bartender.
